Ping-Pong - The Great Tennis Game for the Table. Fine label from a Parker Brothers set, U.S.A. 1902. The Hoey Collection.

Directions.

THE Game of "Ping-Pong, or Gossima," is played in a similar way to Lawn Tennis, except that the game is adapted for use on a dining-table, and is played with a specially prepared elastic ball instead of the usual india-rubber one. It requires some little practice before the proper strength is attained with which to strike the ball, but ten minutes or so is sufficient, as a rule, to enable the players to keep the ball within the space of the table top.

A dining-table about 7ft. to 9ft. long by half the width, without a cloth, is the best place to play the game on; and when the room is lighted from above the table by a chandelier, the table should be moved a little to the side of the room.

The height of the net can be varied from 7 inches to 5 inches; the lower it is the more difficult the strokes can be made to return.

Warming the battledores slightly before the fire will improve their elasticity, but care must be taken not to over heat them.

When wings are used with the net, these should be fixed up on the posts, so that they project out beyond the edge of the table, and thus prevent a ball being returned round the sides of the posts instead of over the net.

Special directions are now issued for Match or Tournament play.

Rules.

The Game is for two players. They shall stand one at each end of the table. The player who first delivers the ball shall be called the server, and the other the striker-out.

At the end of the first game, the striker-out shall become the server, and the server shall become the striker-out, and so on alternately.

The service shall be strictly underhand and delivered from behind the end of the table.

The ball served must drop anywhere on the table-top beyond the net, and is then in play. If it drops into the net or off the table it counts to the striker-out. There is no second service, as in Lawn Tennis.

In serving, it is a let if the ball touch the net in passing over.

If the ball in play strikes any object above or round the table before it bounces on the table-top itself (net or posts excepted) it counts against the player.

The server wins a stroke if the striker-out fails to return the service, or return the service or ball in play off the table.

The striker-out wins a stroke if the server serve a fault, or fails to return the ball in play, or return the ball in play so that it falls off the table.

No volleying is allowed; but as long as the ball touches the table-top it is in play, and can be taken at half volley.

On either player winning his first stroke, the score is called 15 for that player; on either player winning his second stroke the score is called 30 for that player; on either player winning his third stroke, the score is called 40 for that player; and the fourth stroke won by either player is scored Game for that player except as below.

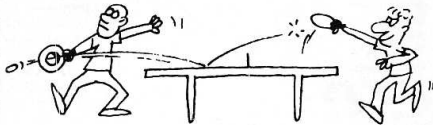

If both players have won three strokes (40 all), the score is called deuce; and the next stroke won by either player is scored advantage to that player. If the same player win the next stroke, he wins the Game; if he loses the next stroke, the score is again called deuce, and so on, until either player wins the two strokes immediately following the score of deuce, when the Game is scored for that player.

The player who first wins six games wins a set.

The Game may also be scored by points, twenty up. The players, in this case, change the service after every five points scored, like "overs" at Cricket.

Secondary Schools Table Tennis championships

Set for big weekend of table tennis

TABLE tennis is fast becoming a popular sport in Gold Coast schools — and this weekend more than 50 of the Coast's top exponents will be locked in competition as they contest the annual zone secondary schools championships at the Labrador Community Centre.

There are four categories of team competition, for schools with over 400 boys, over 400 girls, and those with less than 400 in both boys and girls.

According to Gold Coast Table Tennis spokesperson Agnes Herbertson, the championships are going to be a hotly contested battle between some of the Coast's most

promising junior players.

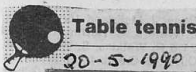

"The high number of competitors who have nominated for the championships mirror the gradual rise in player numbers on the Gold Coast," said Herbertson.

"More and more young people are getting involved in the sport and in time that can only benefit the standard of competition locally."

Although table tennis is not a high profile sport, Herbertson believes an increasing number of people are getting involved because of what table tennis has to offer.

"It's very fast and competitive," she said.

"And I have no doubt anyone who has played the game knows how addictive the sport can be."

QUEENSLAND

ON THE LIGHTER SIDE...

CLOSED

THE 1990 QUEENSLAND CLOSED...IN VERSE!!!

They gathered from near. They gathered from far.
They came by train; by 'plane; by car.
The 1990 Queensland Closed at stake -
Titles to win; the glory to take.

An opening function to welcome the lot.
Salads, and sweets...and the occasional pot!!!
But all were here for some serious play (?!?)
Due to start just the following day...

And so it progressed, some wins and some losses -
Chops and topspins; many high tosses.
Individual matches starting, good matches to sight -
With the highlight remaining - the finals night!

Before this though, the teams matches were won -
Two new clubs victorious (where rivers both run).
And Pine Rivers' team sharing in all of the joy...
(You still can't take the Pine out of the boy!!!)

The singles crowns there, still waiting to be taken.
Some seeds stayed steady, while others were shaken
But right to the end, the best matches were saved -
The crowd - impressed - clapped, cheered and waved.

And pitted together - after much energy spent -
"Duck" and Joyce; as well as Lu and Kent.
Andrea and Joyce - fighting it out, free of trouble
Andrea successful - the Burdekin double!!

The Mens comp. likewise - for now Lu still reigns
But it won't be for long, over the boy he trains.
Because soon the mighty kid from out of the bush
Will further his challenge...To the top he will push.

So there it was; the Queensland's for this year,
Concluded in style with a "Flamingo's" beer...
We'll all be back in the year of '91, but
Remember the champ's of '90 were a heap of fun!!!
